

Dual drive full liquid cooling energy storage integrated machine

Overview

The system adopts the leading "immersion liquid cooling" technology, integrates AC and DC, and is the first choice for centralized energy storage. It has the characteristics of ultra-high security, single cluster independent control, no air duct design, high space. trol system, fire protect parks, charging and discharging stationThe grand launch of the " Kortrong 2. 0 full-immersion liquid-cooled energy storage system, using the leading industry-leading full-liquid cold temperature control technology, full-immersion PACK,4S fusion, AC / DC integration, the launch of 10MWh immersion liquid-cooled energy storage system. The Liquid Cooled Energy Storage Integrated Machine adopts the long-life lithium iron phosphate battery cell design and the efficient intelligent liquid cooling temperature control design, controlling the temperature difference of the energy storage system within 5 °C and increasing the battery life. HyperBlock III, a battery energy storage system integrated with a liquid-cooling system, provides high efficiency and flexibility for the utility-scale. With up to 5MWh battery capacity, HyperBlock III can offer a 34. 5% increase in energy density, serving as an ideal choice for utility-scale. DC/DC converter transfers energy from a common DC bus of a multidrive into an external energy storage. Applications for energy storage and reuse are found in a range of industries, such as marine (energy storage for hybrid and. SolaX Power's TRENE 1MWh liquid-cooling energy storage system has been engineered with these changing market dynamics in mind. Designed as a fully integrated, utility-grade cabinet, it prioritises efficiency, reliability and rapid deployment, addressing the core financial and operational concerns.

Integrated Liquid-cooled Energy Storage System

Flexible Configuration The integrated system design and transportation reduce the workload of on-site debugging. Multiple machines can be seamlessly paralleled side by side, back to back.

Liquid Cooled Energy Storage Integrated Machine

Professional Liquid Cooled Energy Storage Integrated Machine Manufacturer. We offer custom Liquid Cooled Energy Storage Integrated Machine solutions. Low MOQ, Fast Delivery.
