

Energy Storage Battery Cabinet for Battery Swapping Stations IP65

Overview

This cabinet is IP65 rated and has space for up to 4 x TBB ES100-II battery rack. Durable design: Built for tough environments, with IP65 protection ensuring the cabinet is resistant to dust, water, and adverse conditions, as well as capable of handling temperature. Globally leading two-wheeler EV and energy solution provider Co-founded by Hello Inc., Ant Group and CATL, it integrates the core advantages of the three parties - Hello Inc. 's operational experience and user base, Ant Group's digital technology and ecological resources, and CATL's battery R&D. KDST provides high-performance battery energy storage cabinet solutions, specially designed for key applications such as telecom base stations, industrial control, and power systems. The cabinet meets the IP65 protection level and features excellent heat dissipation, waterproof, and dustproof. An IP65-rated outdoor battery cabinet is a weatherproof enclosure designed to safely house and protect various types of batteries in outdoor environments. Engineered for reliability and performance, it provides a durable and efficient enclosure for. The ideal location for storing batteries is outdoors, away from living areas, which requires a suitable weather-protected IP65 cabinet.
