

Energy storage solar cell manufacturer in gothenburg sweden

Overview

The Swedish Land and Environment Court has given Volvo Cars and Northvolt the go-ahead for their joint battery cell factory in Gothenburg, initially announced last year. The joint venture Novo Energy can thus start construction later this year. Discover how Sweden's Gothenburg is driving innovation in energy storage systems and why local manufacturers are key players in Europe's renewable energy transition. Why Gothenburg?

The Hub of Sustainable Battery Technology Gothenburg, Sweden's second-largest city, has become a hotspot for energy. Gothenburg has emerged as a Nordic hub for innovative energy storage solutions. Located near Volvo Cars' manufacturing plant, the start of construction marks a significant milestone in the Western Sweden. Manufacturing with clean energy, our mission is to deliver batteries with a 90% lower carbon footprint compared to those made using coal energy. A diverse, interdisciplinary team of talent of over 5500, representing.
