

Huawei Rome Energy Storage Solution

Overview

Huawei has recently introduced the industry's first commercial new smart Hybrid cooling energy storage solution in Europe. It comes with several benefits and offers a circulation efficiency of 91.3% alongside a reliable user experience. Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series. FusionSolar's ESS solutions are modular, scalable, and adaptable to different energy demands and applications. Huawei FusionSolar provides new generation string inverters with smart management technology to Huawei Technologies Romania aims to achieve a 1 GW energy storage capacity locally within the next two years, aligning with the growing need for energy storage and renewable energy integration. This ambitious target, disclosed by Vlad Doicaru, Vice President of Huawei Technologies Romania.
