

# Large container generator price

## Overview

High-capacity units (800kW+) from manufacturers like Fuan Poweronly and Cummings International dominate heavy industrial applications, offering robust construction at premium prices (\$80k-\$240k). If you're searching for a container automatic generator price list, you're likely exploring industrial or renewable energy solutions. Let's break down what drives costs and how to make informed. Elitech Power's containerized diesel generators house complete generator sets inside standard ISO shipping containers, providing weatherproof, secure and turnkey power solutions for remote sites, mining operations, data centres and international project deployments. 5MW for Diesel, LPG, CHP, and NG Gas applications. The larger footprint of these units allows for more versatility from a manufacturing specification standpoint — we can easily equip your gen set with greater levels of sound.
