

Ldk solar panel manufacturer

Overview

, previously located in Xinyu City, Jiangxi province in the People's Republic of China, manufactured multicrystalline solar wafers used in solar cells, and provided wafering services for both monocrystalline and multicrystalline wafers. Their distribution network for solar. LDK Solar Co. is a leading global manufacturer in the photovoltaics industry specializing in vertically integrated production across the entire value chain—from raw materials to finished PV modules. Founded in 2005 with headquarters in Xinyu City, Jiangxi Province, China, LDK Solar rapidly. LDK Solar Technology Group is a national high-tech enterprise which concentrates on production and sales of silicon ingot, wafers, solar cells, modules as well as the construction and operation of solar power plants. LDK Solar was registered in Xinyu City, Jiangxi Province in July, 2007. LDK Solar. LDK Solar is one of the biggest producer of solar wafers that are used by crystalline solar panels. As a vertically integrated manufacturer and supplier of photovoltaic (PV) products, LDK Solar has more than 21,900 employees worldwide. Information is checked, categorised and connected.
