

Macedonia builds solar panel manufacturer

Overview

North Macedonia-based PiKCELL Group announced on Facebook that it would build a factory for the production of state-of-the-art photovoltaic panels in the Technological Industrial Development Zone (TIDZ) in Tetovo with German company AE Solar. * The company Solar Installers Team DOOEL Skopje is established in 2019 with active performance in solar photovoltaic systems for households, holiday homes of 1-12kW hybrid, as well as solar photovoltaic systems for business and industrial buildings with power of 10kW, 20kW, 40kW, 100kW on roof. SolarSK has successfully completed the implementation of the Falishe solar power plant project with a capacity of 5. Our team delivered a full scope of works, including: installation and full commissioning (Full EPC). The Falishe project once again proves that SolarSK. German company AE Solar and North Macedonian PiKCELL Group are planning a joint investment in a photovoltaic panel factory in Tetovo. The start of production is scheduled for March. This collaboration represents a significant step forward in the country's clean energy transition, aligning with its national sustainability agenda and accelerating. Balkan Solar produces and sells large-scale solar electricity to the regional energy market. Balkan Solar is a trusted producer of solar. The Macedonian Solar Association and Skopje City Mall are organizing the SOLAR FAIR for the fourth time - MAXOL EXPO, which this year will be held from. The Macedonian Solar Energy Association, Solar Macedonia today held an meeting with the Polish Ambassador in North Macedonia, Mr.
