

Santo domingo outdoor telecom enclosure hybrid

Overview

This Hybrid Outdoor Telecom Enclosure is a fully integrated, weatherproof cabinet designed to house telecom power systems, batteries, and network equipment in outdoor environments. Featuring a robust steel structure with IP-rated protection, it ensures reliable operation against dust, rain, heat. Westell offers secure, weather-tight outdoor network enclosures to protect electronic equipment for outdoor telecom networks. These cabinets are constructed using high-quality materials and fortified with secure locking mechanisms, tamper-evident seals, and intrusion detection systems to deter. viaPhoton is constantly innovating to anticipate and meet all of your connectivity needs. The patented Outdoor Hybrid Enclosure (OHE) with surge protection is no exception. This solution includes OLT, 48 DC power supply, fiber ODF modules for subscribers, EMS (Environmental management system) system and Heatexchanger & AC. The Hybrid outdoor cabinet offers a streamlined alternative to traditional POP (Point of Presence) stations for telecom applications. The Delta OutD series offers several size options, ensuring right dimensions for telecom equipment. A flexible con-figuration is the way to tailor.
