

Ukrainian energy storage project joins

Overview

Ukraine's biggest private energy firm, DTEK, has launched a major battery storage facility that will bring power to hundreds of thousands of homes and strengthen the grid ahead of expected Russian attacks this winter, the company said. DTEK partnered with American energy firm Fluence Energy Inc. According to DTEK on September 11, six. This was announced by KNESS co-founder and CEO Serhii Shakalov in a comment to Delo. ua as part of the special project “4 Years of Full-Scale War — 4 Lessons of Resilience. ” According to Shakalov, the facilities have been providing Frequency Containment Reserve (FCR) and automatic Frequency. Ukraine's DTEK has completed a 200 MW/400 MWh battery project, the nation's largest, in just six months using remote commissioning with Fluence. The 200 MW/400 MWh installation spans six sites ranging from 20 MW to 50 MW and connected to the power grid in the Kyiv and Dnipropetrovsk regions. In an exciting development, Ukraine has partnered with UK tech companies to launch the RISE Program, a major initiative aimed at raising €100 million to fund the construction of 100 solar and energy storage projects across Ukraine over the next 3 years.
